

## **Rex Nishimura**

### **2017 Rockhound Of The Year**

Rex has been an active member of the Pasadena Lapidary Society.

He has led the effort to obtain donations and to keep the equipment at our Workshop in good operating condition.

He frequently foregoes his own lapidary projects in order to help new members learn their basic skills.

He has attended governmental regulatory meetings where he has voiced the opinion that our Public Lands should remain open to educational rock and mineral collecting. His report is on the PLS Website. Rex and his family have attended the Society field trips, as well as the 2016 AFMS Annual Convention and subsequent field trips.

**Rex Nishimura is a true model of what a Rockhound Of The Year should be!**
